

Model : R8-PMPB

R8-PMPB with auger and hopper

R8-PMPB with screw feeder

PB
SERIES

Pre-made **pouch baggers**

Model : PMPB-210

Options

- ▶ Settler
- ▶ Mechanical zipper opener
- ▶ SS316 contact parts
- ▶ Dust collection
- ▶ Date coder

Add-ons

- ▶ Screw Auger filler for powder 50L
- ▶ Screw Auger filler with vibration auger for powder 110L
- ▶ Volumetric cup filler for granule
- ▶ Multi head scale system for granule
- ▶ No puch, no fill, no seal

Ideal for package powder and granular products

The **PB Series** pre-made pouch baggers from Saturn Packaging are available in linear or rotary configurations and are designed to automatically open, fill, and seal pre-made pouch bags with speed, accuracy, and repeatability. These machines are an ideal solution for manufacturers looking to package powder and granular products efficiently, hygienically, and sustainably.

Whether using stand-up pouches (doypacks), flat pouches, pillow bags, or custom pouch formats, the **PB Series** delivers consistent sealing quality and premium package presentation while helping minimize film usage and packaging waste.

Thanks to their modular design, **PB Series** systems can be configured, upgraded, and expanded over time. They are also engineered for easy integration into existing production lines — ensuring a long-term investment that grows with your needs.

Model : PMPB-210

Model : R6-PMPB-XL

Model : PMPB-250G

Model : PMPB-250E

Technical features

Type	Drive	Pouch dimensions	Max filling volume	Speed
PMPM-210E	Linear	Economic model (Pneumatic drive) Pouch size (width) : 100 - 210 mm (3.9 - 8.3 in) Pouch size (length) : 150 - 350 mm (5.9 - 13.8 in)		10 - 25
PMPM-210	Linear	Motorized drive with cam Pouch size (width) : 100 - 210 mm (3.9 - 8.3 in) Pouch size (length) : 150 - 350 mm (5.9 - 13.8 in)		20 - 45
PMPM-280	Linear	Motorized drive with cam Pouch size (width) : 100 - 280 mm (3.9 - 11.0 in) Pouch size (length) : 150 - 400 mm (5.9 - 15.7 in)		20 - 40
PMPM-250G	Linear	Motorized drive with cam (for gusset bags) Pouch size (width) : 100 - 250 mm (3.9 - 9.8 in) Pouch size (length) : 200 - 500 mm (7.9 - 19.7 in)		10 - 20
R8-PMPB	Rotary	Motorized Bag width : 100 - 230 mm (3.9 - 9.1 in) Bag length : 150 - 330 mm (5.9 - 13.0 in)	2 L	20 - 45
R8-PMPB-XL	Rotary	Motorized Bag width : 150 - 300 mm (5.9 - 11.8 in) Bag length : 200 - 450 mm (7.9 - 17.7 in)	5 L	15 - 35
Pouch format	Flat - Doypack - Stand-up - Zipper - Side spout - Gusset pouch			
Power supply	220V, 3-phase, 60 Hz
