Print and apply

Founded in 1995 and headquartered in Montreal, Quebec, Canada, Saturn Packaging (Emballage Saturn) designs, manufactures, and integrates a wide range of **packaging and automation solutions**, including **shrink wrapping and shrink bundling systems**, to support efficient, reliable, and scalable production lines. Our expertise extends across **conveyors and line integration**, ensuring smooth product flow and optimized layouts tailored to each operation.

We support projects from concept to commissioning through **pre-sales consulting, custom solution development, design and engineering, project management**, and **after-sales technical services**. This integrated approach allows us to deliver complete packaging systems that meet performance, space, and operational requirements.

Our product offering includes **conveyors and line integration, shrink, flow, and stretch wrappers**, bag sealers and pouch baggers, **labeling and coding equipment, tray handling systems, cartoners, case packers and case sealers**, as well as **food inspection equipment and sanitary conveyors**.
